MAGAZINE OF THE AUSTRALIAN MEDICAL ASSOCIATION (SOUTH AUSTRALIA) INC.

As the official publication of the Australian Medical Association (South Australia) Inc, *medicSA* provides an excellent medium to communicate with the medical profession in South Australia.

A high-quality colour magazine, it is published and distributed six times a year, and has been a valued source of information and entertainment for South Australian doctors for over 20 years.

With articles written by doctors, for doctors, and content guided by an Editorial Committee of medical practitioners, *medicSA* contains a successful mix of material catering to the interests of the whole profession – general practitioners, specialists, urban and rural doctors, senior doctors, young doctors and medical students. It is also read by practice managers, medical practice administration staff, and general practice nurses.

Through advertising in *medicSA*, a range of companies and organizations are able to reach this attractive and highly-targeted demographic. The fact that a significant number of medical practices and individual practitioners turn to *medicSA* in order to communicate with the profession is testament to its influence and value.

## Content

*medicSA* includes a wide range of content, such as:

- features on issues in health
- financial, industrial and practice advice
- details of upcoming events
- lifestyle articles and reviews
- population health features
- profiles and opinion pieces
- South Australian and national health news
- medico-political articles

## Distribution

Four regular issues of *medicSA* (March, April, August, October) are distributed to Australian Medical Association (SA) members and have a high repeat and multiple readership of shared copies which are sent to medical practices, homes, hospitals and other organisations, as well as government departments, libraries, politicians and the media.

Twice a year, special 'bumper' editions of *medicSA* (June, December), which have a distribution of over 5,500 copies, are sent to all registered South Australian medical practitioners (based on our most current data), as well as other subscribers, providing an excellent opportunity to communicate with medical practitioners and other healthcare professionals across the state.

*medicSA*'s usual length of 32 to 40 pages for a regular issue and 56 to 72 pages for special bumper issues is carefully judged to make it easily readable and to encourage members to peruse each issue from cover to cover to ensure maximum impact for the features and news included. Advertising is also capped at a relatively low ratio, ensuring that the advertisements that *medicSA* carries are bound to stand out.
